

OEA Future Educator Scholarship

C.P. Mickelson, former superintendent of the Owatonna Schools, was a strong supporter of education. Upon Superintendent Mickelson's passing, OEA President Dudley Otto and Dale Timm organized donated memorials to begin a scholarship fund for OHS graduates majoring in education. The Mickelsons and other families supported this scholarship financially for some time. In recent years, the OEA has taken over all aspects of the scholarship., and proudly continues to provide scholarships for students pursuing careers in education.
